Important Notice

Strengthening of visit restrictions

With new coronavirus infectious disease measures

Due to the rapid increase of COVID-19 cases in Tokyo, the following changes apply starting from July 6th, 2020, in order to prevent in-hospital infection.

Ward	Visiting hours & Those who can visit
OBGYN Ward	13:00～17:00 Husband or partner only
Pediatric Ward	Please ask the pediatric ward staff
NICU・GCU	6:00～22:00 Parents only

One visitor in principle/day

If the husband or partner is unable to come to the OBGYN ward on that day, only one of the parents of the patient can visit.

Please cooperate to avoid the "Three Cs"

If the ward/patient room is crowded due to visits, etc., or if congestion is predicted, we may ask you to adjust the visit.

About the attendant when visiting the OBGYN outpatient department

1 person can accompany

Requests to all visitors（patients, visitors, attendants）
