

Urgent Notice on LDR Husband Attendance

Effective from July 25, 2022 (Monday)

In view of the rapidly increasing number of intra-familial transmission of new coronavirus infections, we have decided to suspend attendance at deliveries for the time being.

This is a measure to protect mothers and babies, so we ask for your understanding and cooperation.

We will let you know when the suspension will be lifted, depending on the situation of the infection.

* Exceptions to this may be made based on medical judgment.
